Freedom or the right of association implies the free availability of individual members to formally form permanent groups or legal entities aimed at achieving specific purposes, under this principle of freedom Sinergia Blockchain, directs all their efforts and is governed by international normative principles as they are: - The Universal Declaration of Human Rights: in its article 20 in the following terms: (1. Everyone has the right to freedom of peaceful assembly and association 2. No one may be forced to belong to an association) - The International Covenant on Civil and Political Rights prepared within the framework of the United Nations Organization contemplates freedom of association in its article 22, although it admits the possibility of restrictions in the same. (Section 1 reads as follows: Everyone has the right to freedom of association with others, including the right to create and form part of labor unions for the protection of their interests). - The European Convention of Human Rights elaborated in the scope of the Council of Europe, proclaims in its article 11, together with the right of meeting, and including expressly in its scope the right of unionization. (Paragraph 1 says: Everyone has the right to freedom of peaceful assembly

and freedom of association, including the right to found, with others, unions and to join them in the defense of their interests). - The American Convention on Human Rights prepared in the context of the Organization of American States proclaims in its article 16, (Section 1 says: All people have the right to associate freely for ideological, religious, political, economic, labor, social purposes, cultural, sporting or of any other kind) .- The African Charter on Human and Peoples' Rights prepared within the framework of the Organization for African Unity proclaims it in its article 10. Its first and second paragraphs read as follows: (1 Every individual shall have the right to free association, provided that he complies with the law 2. In accordance with the obligation of solidarity contemplated in article 29, no one can be forced to form part of an association) .- Among other international standards. - In Colombia this right is expressed in the Political Constitution of 1991, which provides: (ARTICLE 38. The right of free association is guaranteed for the development of the different activities that people perform in society), This constitutional rule is the one that guarantees to Colombians the freedom of association of persons (whether individuals or legal entities, national or foreign) in Colombia. Non-profit legal entities can be associations, foundations and corporations. In the case of **Sinergia Blockchain**, it is an association, legally constituted in Colombia. - **Twentieth:** Your personal data will not be used for commercial promotions, or disclosed to third parties, unless they are required by a national or international authority.
